

StorPlus™ Square Containers

Clear polycarbonate or white polyethylene. Molded-in capacity markings showcase remaining ingredients. Stacking lugs prevent jamming. Made in the USA.

Polycarbonate: Provides visibility. Resists food acids and oils. Withstands -40°F to 212°F.

Polyethylene: Sturdy and durable. Economical. Withstands -40°F to 180°F.
Flat Lids: Color coded. Limit exposure to environmental contaminants. Fits both polycarbonate and polyethylene containers.

StorPlus™ Round Containers

The original round food storage containers. Stacks with other major brands for convenient storage. Stacking shoulder prevents jamming. Carlisle's exclusive spoonable bottom offers increased yield and less food waste. NSF listed. Dishwasher safe.

- **Clear polycarbonate** offers ultimate durability. Withstands temperatures from -40°F to +212°F.
- **White polyethylene** is economical. Withstands temperatures from -40°F to +180°F.
