

Central EXCLUSIVE®

High Temp Undercounter Dishwasher

Balanced power keeps the ideal sanitation temperature during wash cycle, and won't advance to the rinse cycle until the water temperature reaches 180°F. Wash pump power control prevents wares from damage at the beginning of the washing cycle while maintaining a low noise level. Available in 208, 220, 240 voltages and Single or Three phase.

Uses 0.63 gallons of water per cycle. Available in 208, 220, 240 voltages. Single or three phase.

- 23³/₈" Wx23³/₈" Dx32³/₄" H. 15¹/₄" clearance.
- 37 Racks Per Hour
- 0.63 gallons per cycle
- 23³/₈" Wx23³/₈" Dx32³/₄" H
- 15¹/₄" clearance
- ¾ HP wash pump
