Automatic Cleaning System

Combats bacteria in areas where water travels. Automatically activates the ice machine's built in cleaning system on a schedule you select - two weeks or one, two, three, four, five or six months. Fill with cleaner or sanitizer (sold separately), set the cycle length and the cleaning system counts the number of ice making cycles and turns on when it's time for cleaning. For use with Manitowoc cube ice machines on page 32 (not for use with flake, nugget or undercounter machines). 11 lbs.
