

**Lift-Off Broilers and Griddles**

No range modification necessary! Even heating, resists warping up to 600°F. NSF listed. Not dishwasher safe. Stainless steel removable grease trays and adjustable frames. Griddles/grates made from approximately 3/16" thick 7 gauge steel. For use with gas ranges with 12" centers only. *Not recommended for use with French top, induction or electric ranges.* 27"D.

~Made in the USA~ ~UPSable~

- **Griddles** have 1 1/2"H side walls.
- **Broilers** catch and burn off juices in the flare pan which creates a smoky, broiled flavor, instead of falling through to burners.
- **Griddle/Broiler Combos** include all components needed to use as either cooking surface.
- **Split Griddle/Broiler Combo** has a divided cooking surface: one half for broiling, one half for grilling.

**OUTSTANDING LIFETIME WARRANTY**
