

Electric Countertop Tilting Kettle

Free start-up service. Solid, one piece stainless steel construction. Self contained steam with a 2/3 jacket. Jacket contains chemically pure water and rust inhibitors to ensure long life and minimum maintenance. Safety features include tilt cut-off, pressure relief valve, high limit pressure switch and low water cut-off. Thermostatically controlled to automatically shut off when desired temperature is reached. Controls include thermostat, pressure gauge, water sight glass and heat indicator light. Pouring height allows filling of 6" high pans on table top. Available in 208V or 240V options.
