

Liqui-GRILL Starter Kit and Cleaning Liquid

Starter Kit includes 32 oz. bottle of non-caustic and sustainable cleaning solution with 3 oz. portioner, 10 griddle pads, one griddle squeegee, blade and holder with telescopic handle. Liqui-GRILL cleaning liquid quickly dissolves burnt-on residue on commercial flat surface grills. Works on hot surfaces eliminating wait time for clean up. EPA certified. Griddle squeegee can be used on hot surfaces up to +400°F. *Griddle Cleaning Liquid #740-086 sold only by the case of (4) 32 oz. bottles.*

269-629	Grill Screen Holder	15.59/ea

nemco Conveyor Toaster

Element style gives consistent toasting across entire conveyor. Stainless steel construction with black textured powdercoat top. Four-position rotary switch allows choice of one sided toasting, two sided toasting, standby mode, or off. Standby mode runs only the top element at a low temperature providing an energy savings when not in use, and allows for more efficient recovery when turned back on. 120V. 5 1/2' cord and plug included.
