

ENGINEERED FOR PERFORMANCE

SUPERIOR STACKABILITY

Designed with safe stacking in mind to maximise space saving in a back of house environment.

SUPERIOR GLAZE FINISH

Protected by ecoglaze, a high performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability. Excellent stability prevents thermal shock and crazing.

SUPER VITRIFIED BODY

Super Vitrified is a vitreous body that does not absorb moisture, is more hygienic and has better heat retention properties. Its high resistance to thermal shock helps to reduce breakages. Its properties provide superior strength.
