

Store Management Software and Standard Equipment Bundle

PaayyTech has setup equipment and software to provide you the tools needed to be successful in today's fast-paced business.

Software that is easy to configure, easy to use with reporting tools to give you a snapshot of your businesses from your web browser.

Software:

- Module configurations for:
- Quick Service Restaurant (Pizza, Coffee Shops, Sandwich, Food Trucks and more.)
 - Self ordering kiosk allowing your customers to order exactly what they want. Saving labor and allowing you to service your customers more efficiently.
 - Retail (Grocery, Farm Market, Liquor, Convenience, Gift Shops and more.)
 - Reporting in cloud allowing you to monitor your business anytime, anywhere.
 - Digital signage and menu board editing software. Offering you total control of signs and menu boards through your web browser. Optional e-commerce and marketing.
 - Our video auditing software solution monitors all food and beverage service transactions through video cameras and matches the data to you existing standards of service, to report non-compliance.

Equipment:

Android 10.1 inch touch screen all-in-one terminal with built in printer, quick scanning and reliable scanner, cash drawer and option card processing EMV certified terminal.

Optional Equipment:

Kitchen printer, POS scale, Digital Menu boards and signage from 15" to 55" with Android 5.1 built in.

optional digital signage

55"

15.6"

POS Terminal

Motherboard	CPU	ARM Cortex-A9 Quad Core
	RAM	1GB
	O/S	Android 4.4.2
Display	Display size	9.7" LCD
	Resolution	1024 × 768 Pixel
	Touch Panel	Multi touch capacitive screen
Storage	Built-in storage	4GB Flash
	External storage	Micro SD (TF Card), up to 32GB supported
I/O Port	COM	2 × RS232
	USB	2× USB 2.0
	LAN	1 × RJ-45 (10 / 100M)
	Cash drawer	1 × RJ-11 (24 V)
Built-in Device	Printer	80mm Thermal Printer (max. 85mm Paper Roll), 160mm /s, with Auto Cutter
	Customer display	1 x LCD Multi-language, 4 Lines 8 Chinese Character or 16 Alphanumeric per line, support image display
	WiFi	802.11 b / g / n
	Bluetooth	Bluetooth 4.0
Optional	Card reader	RFID Card / ID Card / MSR
	Adjustable holder	3-level adjustable metal holder
Others	Wall mount	VESA standard
	Power supply	24V DC
	Weight	4 KG
	Dimension	282(L) × 250(W) × 170(H)

Barcode scanner / PW1D

Scan mode	Automatic / handheld
Alarm mode	LED light alarm, Buzzer alarm
Processor	32-bit processor, high decoding ability and high sensitivity
Read rate	200 scans/sec
Resolution	2400~38400 bps
Resolution	4mil
Scan depth of field	0-800mm
Bit error rate	1/800 million
Weight	128g
Dimension	95mm×62mm×168mm

Cash Drawer / PWUS30

Dimension	330mm(W)*330mm(L)*90mm(H)
Material	SPCC cold rolling stell plate sheel and SECC-N5 electroplating zinc under plate
Money case	3/4 bill(adjustable) and 4/5/8 coin (removable), plastic, metal, wire gripper available
I/O Interface	12V, 24V for RJ11
Lock	Three position key
Micro Switch/Sensor	Optional
Durability	1,000,000 operations
Color	Black or Cumstomization
Weight	4.5KG
